Name(s): _____   Class: _____

Topic: _____

Cancer Calendar

Goal: You will work individually or with a partner to create an informative calendar about a form of breast cancer. You must select what form of cancer you will research (lung cancer, breast cancer, etc.) and design a page for each month using Microsoft Publisher or some similar computer software.

Specifics:

Your calendar must include:
- ✓ All 12 months of the calendar year (January through December)
- ✓ At least one fact and picture for each month of the year (the picture must be relevant)
- ✓ A definition of cancer as it relates to the cell cycle
- ✓ Symptoms and Diagnosis
- ✓ Treatment Options
- ✓ Side effects of treatments
- ✓ Proper citations where necessary

Your calendar must:
- ✓ Have all the days in the month (i.e. useful)
- ✓ Be capable of displaying around the school and community (i.e. appropriate)
- ✓ Neatly and logically organized
- ✓ Free from spelling and/or grammatical errors

Grading: Your calendar is worth 50 points. Points will be awarded for accuracy, completeness, neatness, and creativity.

Rubric:

Cancer Research –	____ / 25
Complete –	____ / 10
References List –	____ / 5
Organization –	____ / 5
Creativity -	____ / 5
Total –	____ / 50
